

The Temptation Song

Life is like one big temptation
Tempted ev-e-ry which way
When we're faced with big temptations
Time to heed what Jesus say:
 Bread alone - it just won't feed us
 We must feast on God's own word
 Take the word of God to heart each day
 Finding life in God's own word

ooh-wah, ooh-wah, ooh-wah, ooh-wah

For temptation keeps on tempting
Always subtle, in disguise
Who's the one in life we live for?
Who's the one with whom we'll side?
 Come and worship God completely
 God alone be whom we serve
 Take the word of God to heart each day
 God alone be whom we serve

For temptation holds its power:
"Come and put me to the test
Come and see who's wrong and who is right
Who is better than the rest!"
 "Never put me to the test", says God
 My commands are for your best
 Take the word of God to heart each day
 never put it to the test

So in all of life's temptations
When we're tempted to go astray
May we take on board God's word to us
Jesus' truth, his life, his way
 Like a road map for our living
 When the path seems far from clear
 Take the word of God to heart each day
 Live in joy, in hope, not fear.
