

Keep Calling Me

Christ you stand before us all
Christ you come and Christ you call
leave it all behind and join my journey
Come with me and find your life
Live my love and shine my light
Leave it all behind you
Come and follow

*And you keep calling me
You keep calling me
You keep calling me
Come and follow*

*You keep calling me
You keep calling me
You keep calling me
and I will follow*

You beckon us to walk your way
Your kingdom come on earth this day
To lose our life yet find it in the rising
Find it in your love for all
Find it in compassion's call
to seek the lost
to whom your grace is calling

*And you keep calling me
You keep calling me
You keep calling me
Come and follow*

*And you keep calling me
You keep calling me
You keep calling me
and I will follow
You keep calling me
and I will follow*
