

Never let go

*You'll never let go
Jesus, you hold us tight,
through darkness and night,
through gladness and light
You'll never let go*

You are our shelter
our days in your hands
Your love firm and faithful
amid shifting sands
You'll never let go ...

Mountains may stumble
and hills fall to dust
Your love will not leave us
nor peace we can trust
You'll never let go ...

Come, be our stillness
Be with us, come stay
We trust in your promise,
our refuge, your way

*You'll never let go
Jesus, you hold us tight,
through darkness and night,
through gladness and light
You'll never let go (you'll never let go)
You'll never let go (you'll never let go)
You'll never let go*
