

Come as You Are

1. Kids and oldies and in-between

Come, come, come as you are

No matter who you are

No matter where you've been

Come, come, come as you are.

Jesus, you're the one we follow

Jesus, you're the one who forgives

Come and wrap your love around us

You died so we could live

Come, come, come as you are

2. Friends with Jesus

in all kinds of weather

Come, come, come as you are

Jesus, we want to know you better

Come, come, come as you are

3. Jesus, you love us like no other

Come, come, come as you are

Accept us like a sister ... brother

Come, come, come as you are
